

STRAHINJA DRAŽIĆ

Visualization | Animation | Design | Programming

Novi Sad, Serbia | strahinja.drazic.cgi@gmail.com | +381 61 1649636

Professional Summary

Highly experienced 3D Artist and Technical Director with over 10 years in architectural visualization, animation, design, and interactive media. Proven expertise in combining art and technology to create visually engaging, high-performance experiences. Skilled in pipeline development, optimization, with practical experience in Unity app development.

Work Experience

- 3D Artist at **BINYAN** | Nov. 2024 – Nov. 2025
 - Focused on high-quality architectural visualization and rendering for global luxury developments.
 - Applied advanced modeling and lighting techniques to achieve photo-realistic results.
- 3D Artist at **ANTEVASIN** | Feb. 2024 – Sep. 2024
 - Created high-quality 3D assets and renderings for commercial projects.
- Unity3D Developer / 3D Artist / R&D / Animator at **AR-TY** | Apr. 2019 – Jun. 2023
 - Executed tasks covering the full development cycle: 3D art, animation, rigging, and Unity3D app development.
 - Conducted Research and Development (R&D) to integrate new technologies and improve project quality.
- Technical Director / 3D Artist / Animator / R&D at **CASE3D** | Oct. 2017 – Oct. 2018
 - Provided Technical direction for visualization projects.
 - Responsible for Pipeline development and optimization of project organization.
- 3D Artist at **CASE3D** | Jan. 2012 – Nov. 2017
 - Specialized in high-precision hard and organic surface modeling, texturing, lighting, and rendering.

Technical & Software Knowledge

- Autodesk 3d Studio Max (V-Ray, Corona Renderer, Forest Pack, RailCone, MultiScatter, PhoenixFD, etc.)
- Adobe (Photoshop, After Effects, Premier, Lightroom, Substance Painter, etc.)
- Unity3D, Autodesk AutoCad, AXYZ Anima, Autodesk Mudbox, Graphisoft ArchiCad, Marvelous Designer, Vicon Boujou, Agisoft PhotoScan, SpeedTree, World Machine, Sketchup, Rhino, Revit. etc.
- Programming (C#, Basic, Maxscript, html5, js, css)
- AI (Stable Diffusion, Gemini NanoBanana, Firefly, etc.)

Software Skills & Expertise

- High precision hard and organic surface modeling
- Texturing, Lighting, Animating, Rigging, Rendering
- Photography, Post-Production, Compositing, VFX
- Camera tracking and matching, Video and Audio editing
- 2D and 3D matte painting, Camera projection
- Tools creation
- Optimization, Organization

Soft Skills

- Technical direction
- Project organization and optimization
- Pipeline development

Personal Fun Achievements

2020 Macintosh Rendering Challenge 1st place
2020 Star Wars Rendering Challenge 3rd place
2018 Evermotion Challenge Honorable mention +anima® 4 splash-screen
2017 CROWDED miniCHALLENGE#05 1st place +anima® 3 splash-screen
2016 Evermotion Challenge 3rd place
